Education

North South University **Dhaka**
B.Sc. in Computer Science and Engineering *2021–2025*
Specialization: AI and Machine Learning Track

College of Development Alternative **Dhaka**
Higher Secondary Certificate (HSC), GPA 4.58 *2018–2020*

Uddipan Biddalaya **Dhaka**
Secondary School Certificate (SSC), GPA 4.50 *2016–2018*

Professional Experience

Innovation for Wellbeing Foundation **Dhaka**
Technical Consultant (Web) *Oct 2024–Mar 2025*
Served as lead consultant for "Hearth Summit Bangladesh," developing web-based platforms and infrastructure for the international brand launch.

Projects

IEEE Web Automation: Developed and deployed a Django-based dynamic web mail automation service to enrich institutional infrastructure for the IEEE NSU Student Chapter.

PorteHobe AI (Capstone Project): Optimized an AI Tutor Agent using GSM8K benchmarking to evaluate math reasoning performance against Mathstral and Gemini models.

Physics Chatbot (Junior Design Project): Evaluated performance on 6,000+ questions using EDA, F1-score, and spaCy semantic metrics across 14 physics chapters.

Technical Skills

Programming Languages: Python (Proficient), Java, C, **Databases**: MySQL, Supabase
C++, Go, HTML, CSS, JavaScript
Machine Learning & AI: Machine Learning, Deep Learning, **Operating Systems**: Windows, Linux (Ubuntu)
LLM/SLM Optimization
Tools & Others: Git, GitHub, MySQL Workbench, Cross-platform development, LaTeX

Languages

English: Professional *Fluent in technical communication*
Bangla: Native *Mother tongue*

Interests

AI Research: Large Language Models (LLMs) and Small Language Model (SLM) optimization
Algorithms & Data Structures: Expertise in data structures, algorithms, and graph theory
